Line 1, change "an" to "the".

The following is an examiner's statement of reasons for allowance:

Claims 9 and 11-16 are allowed because the prior art does not disclose or suggest a fine adjusting device for a sprung balance, including a first tightening device tightening the end of the balance spring formed by a clamp having an arm in the form of a stirrup and an L-shaped rocking element, and a second device identical to the first device for tightening the outer curve of the spring in combination with the remaining elements claimed. Claim 10 is allowed because the prior art does not disclose or suggest a fine adjusting device for a sprung balance, including a first tightening device tightening the outer curve of the spring formed by a vise with fixed jaw secured to the lug and a mobile jaw, a second device identical to the first device for tightening the end of the spring, in combination with the remaining elements claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
